

Size Guide

It is important to measure your dog to ensure the best fit and comfort, so please take the time to do so before making your purchase.

We recommend you measure your dog using our guide, and choose the size giving the most room. If your dog is broader, has a thick coat or is right at the top of a size, consider going up a size.

Coats: Measure length, chest and neck (in order of importance for fit) - refer to size chart below

Harnesses: Measure chest and neck (in order of importance for fit) - refer to size chart below

Neckerchiefs: Measure neck allowing enough room to slide 2 fingers in for comfort (small 10-14", medium 14-18", large 18-22")

Collars: Measure neck allowing enough room to slide 2 fingers in for comfort (tiny 9-12", small 12-15", medium 15-19", large 19-22")

How to measure

Neck: Measure right around the neck, allowing enough room to slide 2 fingers in for comfort

Length: Measure from the base of the neck (where the collar would sit) to the base of the tail along the dog's backbone.

Chest: Measure right around the body around the deepest part of your dog's chest, usually just behind the dog's front legs.

Top Tip: If you do not have a suitable tape measure, use a piece of string (or similar) and measure this against a tape/ruler.

SIZE CHART

Size	Length	Neck	Chest
8" (XXS)	8"	10"-12"	12"-14"
10" (XS)	10"	12"-14"	15"-17"
12" (S)	12"	14"-16"	17"-22"
15" (M)	15"	16"-20"	21"-25"
18" (L)	18"	20"-24"	25"-29"
