

Contour cool comfort

- Four way stretch knit cover which works with your body to ensure comfort is not compromised.
- Viscoool® memory foam moulds gently to your body and provides pressure relief.
- A Viscoool® comfort layer gives superior support and moulds gently to your body.
- Less dense than memory foam, and containing a blend of natural materials, it recovers its shape more quickly and also works with airflow chambers in the base for greater comfort, breathability and longer lasting coolness.
- Rotate regularly.

Your good night's sleep starts with the right foundations.
As well as a comfortable mattress, you need a supportive bed, the perfect pillow, a cosy duvet and crisp bed linen. To make the most of your mattress, we suggest either the Non-sprung divan base or one of our bed ranges. You'll find our full range at johnlewis.com, or simply visit our shops and let our Partners help you choose the right products for you, to create a bedroom that's as unique as you are.

Memory

For truly personalised comfort, this mattress moulds perfectly to your body shape.

Memory

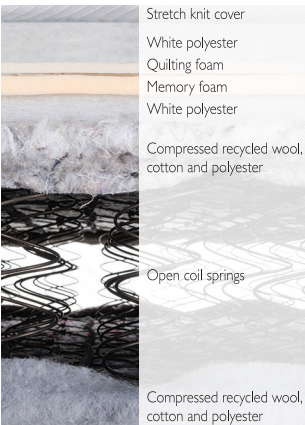

This collection features a layer of memory foam that is activated by body temperature and gently moulds around your contours providing full body support. The result is a mattress that helps relieve the pressure on aching joints. All of our mattresses are teamed with different spring options and memory foam thickness to help ensure you find a tension and support level that is right for you.
