toughened non-stick

# THE TOUGHEST NON-STICK COOKWARE FROM LE CREUSET

TESTED. TRUSTED.  
GUARANTEED FOR LIFE.

LE CREUSET HAVE BEEN MAKING  
WORLD-CLASS COOKWARE  
FOR ALMOST 100 YEARS.

toughened non-stick

Used, loved and trusted by leading chefs and keen cooks around the globe Le Creuset cookware combines beautiful design with unbeatable performance.

The Le Creuset Toughened Non-Stick collection embraces all that we have learned from making premium cookware since 1925. We have used our expertise, and passion for delicious food, to create our very best non-stick range and an unsurpassed cooking experience.

The UK's best-loved non-stick cookware collection is tested, trusted and guaranteed for life so you can buy and cook with confidence.

# WHY CHOOSE LE CREUSET TOUGHENED NON-STICK?

With so much choice available today it can be hard to decide which cookware is best for you and will really stand the test of time.

Le Creuset takes pride in using only the very best materials and production methods and will never compromise on quality. Our products are used by top chefs around the world who demand ultimate performance so you can buy with confidence safe in the knowledge that our products will deliver outstanding results time after time.

## 3-LAYER REINFORCED NON-STICK COATING

We use the toughest, most hard-wearing non-stick coating available inside and outside every pan. It will never flake or peel during use and food releases flawlessly allowing you to cook with little or no fat or oil for healthier results and it is a dream to clean. It is so tough you can use metal utensils and it is completely PFOA-free.

## 6-LAYER TOUGHENED BODY

Our special 6-layer construction is both tough and heat-efficient whilst being light enough for everyday use. The hard anodised, forged aluminium body is stable and strong preventing the pan from warping or distorting when heated. It cooks to perfection with heat spreading gently and evenly throughout the entire pan – not just across the base – for perfect, even browning and cooking.

SUPREME-RELEASE TOP LAYER  
ANTI-SCRATCH, REINFORCED MID LAYER  
SUPER-ADHESIVE BONDING LAYER  
SPECIAL HARDENED SURFACE  
HEAVY GAUGE FORGED ALUMINIUM  
INDUCTION-PERFECT, MAGNETIC STAINLESS STEEL BASE

toughened non-stick

## FOR A LIFETIME OF DELICIOUS COOKING.

### VERSATILITY

Totally versatile, Toughened Non-Stick will help you create quick, tasty meals no matter what ingredients you choose or how many people you are cooking for. These pans will do it all from sautéing or stir-frying on the hob to roasting or baking in the oven to simmering vegetables, making casseroles and stews to simply making a delicious fresh sauce to stir through pasta.

### WHATEVER HOB YOU COOK ON

The precision-designed base works perfectly on every type of hob. The impact-bonded magnetic stainless steel disk ensures efficient heat absorption no matter what type of heat source you cook on and is perfectly suited to cooking on induction. And the pans can go in the oven too up to 260°C (220°C if used in the oven with a glass lid).

### HANDLES

Our exclusively designed, professional-style handles are comfortable to hold and the long side handles stay cool when cooking on the hob. All handles are attached with solid stainless steel rivets which stay secure and won't become loose. Our larger pans have generously-sized helper handles making them even easier to lift when full.

### UNCOMPROMISING GUARANTEE

The Toughened Non-Stick range is covered by a reassuring Lifetime Guarantee\*. Our guarantee covers faulty materials or workmanship and applies to the entire product, including the non-stick coating.

\* Selected products covered by a 10 year guarantee – see range section for details.

TESTED. TRUSTED.  
GUARANTEED FOR LIFE.
